**Rotary news in brief from around the globe.** Vocational service gives Rotarians the opportunity to help others escape poverty and gain a measure of self-respect. As business and professional leaders, we have a duty to lead and encourage good ethics through vocation.

Through vocational service, Rotarians contribute their professional expertise and skills to address societal problems and needs, and to promote high ethical standards in the workplace. "Rotary's focus on ethical practices as part of vocational service has been a central part of my success in my business, professional, civic, and personal life since I became a Rotarian," says Paul A. Netzel, vice chair of the Vocational Service Promotion Committee and past RI director. Rotarians have two benchmarks for promoting professional integrity: The Four-Way Test and the Declaration of Rotarians in Businesses and Professions.
